PROFESSIONAL SUMMARY

Recent B.E. Information Technology graduate with a strong foundation in Data Analytics, SQL, Python, Microsoft Excel, and Power BI. Skilled in data cleaning, preprocessing, exploratory data analysis (EDA), and developing interactive dashboards to transform raw data into actionable business insights. Hands-on experience analyzing customer datasets using SQL, Pandas, NumPy, and Power BI to identify trends, measure KPIs, and support data-driven decision-making. Passionate about solving real-world business problems through analytics and eager to contribute as an entry-level Data Analyst.

TECHNICAL SKILLS

Programming Languages: Python, SQL

Data Analytics: Pandas, NumPy, Data Cleaning, Data Preprocessing , Exploratory Data Analysis (EDA), Statistical Analysis

Visualization & BI: Microsoft Excel (Pivot Tables, XLOOKUP/VLOOKUP, INDEX-MATCH, Charts, Conditional Formatting), Power BI, Matplotlib

Databases: MySQL, SQLite

Tools & Platforms: Git, GitHub, Jupyter Notebook, VS Code , Power BI Desktop

Analytics Concepts: KPI Reporting, Customer Segmentation, Revenue Analysis, Dashboard Development, Business Intelligence, Data Storytelling

RELEVANT PROJECTS:

Customer Trends Data Analysis | SQL, Python, Power BI

Tech Stack: SQL, Python (Pandas, NumPy), Power BI, Microsoft Excel

- Analyzed customer transaction data using SQL and Python to identify purchasing behavior, customer segments, sales trends, and revenue opportunities.
- Performed data cleaning, transformation, and exploratory data analysis (EDA) using Pandas and NumPy to uncover business insights.
- Developed SQL queries to calculate KPIs, including Revenue, AOV, CLV, Repeat Customer Rate, and Product Performance.
- Built an interactive Power BI dashboard to visualize customer behavior, sales performance, and key business metrics.

HR Analytics Dashboard | Power BI, Excel , Python

Tech Stack: Power BI, Microsoft Excel, SQL, Python

- Analyzed HR data to evaluate employee attrition, promotions, demographics, job satisfaction, and workforce performance.
- Cleaned and transformed HR datasets to improve reporting accuracy and support reliable business analysis.
- Built interactive Power BI dashboards to monitor workforce distribution, department performance, employee attrition, and HR KPIs.
- Generated data-driven insights to support workforce planning, employee retention, and strategic HR decision-making.

EDUCATION:

- B.E. in Information Technology – Sant Gadge Baba Amravati University, Amravati | 2022–2026 | CGPA: 8.15
- HSC (Class XII) – Shri Hari Kishan Maloo International School & College, Amravati | 2022 | 82%
- SSC (Class X) – Holy Cross Marathi High School, Amravati | 2020 | 94%

ACHIEVEMENTES ;

- Two-time Gold Medalist in the Annual College Chess Competition.
- Represented the college in SGBAU University Chess Tournament (2024 & 2025).
- Participated in inter-college hackathons, collaborating on AI and software development projects.
